CENTRAL INTELLIGENCE AGENCY
WASHINGTON 25, D. C.

April 11, 1949

Librarian,
Library of Congress
Washington 25, D. C.

Dear Sir:

For the past year, the Library of Congress has been receiving copies of the Bibliography of Russian Periodicals, an unclassified publication prepared by CIA. The translated bibliographic information contained in this publication has been used by the Library of Congress to supplement other material printed in the Monthly List of Russian Accessions.

In effect, under this arrangement, the same information was reproduced and distributed twice within the Government. In order to eliminate the obvious duplication of effort, and to ensure expeditious dissemination of information to users, representatives of CIA and the Library of Congress have mutually agreed on a plan which it is our desire to inaugurate.

It has been proposed that, on a continuing basis, CIA furnish the Library of Congress with typewritten draft copies of the Bibliography of Russian Periodicals. Reproduction of this publication by CIA would be discontinued, and, through the medium of the Monthly List of Russian Accessions, the Library of Congress would assume responsibility for the reproduction and distribution of this material to CIA. Monthly, CIA would receive twelve copies of the LIST directly from the Library of Congress; other intelligence agencies would be advised by CIA, to increase their present subscriptions, as required, through the Card Division of the Library of Congress.

In regard to CIA participation in preparing the copy, it is considered desirable that, in the interest of security, CIA's association with this project remain CONFIDENTIAL.

for implementation It is requested that you give early consideration to implementing this procedure. On receipt of your endorsement, the CIA Librarian will be directed to contact Mr. Willard Webb of the Library of Congress to activate the approved procedure.
